

Affordable, reliable computers, with maximum expandability and cutting edge looks.

- **High performance**
- **Maximum expandability**
- **Rugged and reliable**
- **Designer styling**

IN DETAIL ● ● ●

Where a high performance, affordable computer is needed, yet with a modern and professional aesthetic, the Conquest Wildman Designer Mini Tower is the ideal solution. The case has maximum room for future expandability, whilst maintaining stylish designer looks, with easy access to all front mounted drives and accessories.

These computers are very robust, and because they are assembled from the highest quality components from market leaders such as Intel, 3com, Seagate, LG, and Pioneer you can expect a reliable system with a long life expectancy.

These computers are equally well suited for use in the home as well as the office, or even in light industrial environments.

The Conquest Wildman Designer Mini Tower series – Affordable, stylish, reliable computers with maximum expandability.
